Nové Zámky, Slovakia, 2008

## ANDREJ ANČIN

\* 25.10.1909 Békéscsaba (Maďarsko) †7.6.1976 Komárno

Významný slovenský šachový skladateľ patril v Maďarsku k slovenskej menšine, ale v rámci vzájomných „repatriácií“ sa presťahoval r. 1947 do slovenského Komárna. Pôvodným povoláním bol maliar a natierač, neskôr sa stal technickým úradníkom. Prvotinu uverejnil r. 1932 v Magyar Sakkvilág a už za svojho maďarského pobytu sa vypracoval na veľmi dobrého skladateľa. Ale svoje najlepšie diela vytvoril až na Slovensku. Celkovo publikoval vyše 300 skladieb.

V skladateľských súťažiach získal 108 vyznamenaní, z toho 28 cien (9 prvých), 40 čestných uznání, 36 pochvalných zmienok a 4 umiestnenia v súťažiach družstiev. Osobitne vynikol v 2. medzinárodnej súťaži družstiev r. 1967, keď dosiahol najvyšší počet bodov z česko-slovenských autorov a 3. miesto v oddelení trojťažiek. Na majstrovstvách Česko-Slovenska v rokoch 1963-1971, raz zvíťazil a dvakrát bol druhý, a prvé miesto dosiahol aj na majstrovstvách Slovenska 1964-1969 – všetko v trojťažkách. V Albumoch FIDE získal 13 bodov, čo by bolo neskôr stačilo na titul majstra FIDE. Dlhé roky bol najlepším slovenským skladateľom trojťažiek, ale vytvoril aj iné pekné skladby, najmä dvojťažky. Bol jedným zo zakladajúcich členov slovenskej organizácie kompozičného šachu v roku 1952.

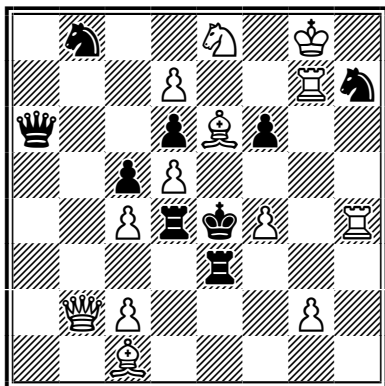

Brožúra obsahuje 285 Ančinových skladieb, z toho 158 dvojťažiek, 103 trojťažiek a 24 pomocných matov.

A distinguished Slovak chess composer. He originally formed part of the Slovak minority in Hungary, but during the reciprocal repatriations of 1947 he moved to Komárno in Slovakia. Originally he was an interior decorator, and later he became a technical clerk. His first composition was published in 1932 in Magyar Sakkvilág, and even during his Hungarian residence he worked up into a very good composer. But his best compositions were made in Slovakia. In all, he published more than 300 compositions. In tournaments he won 108 distinctions, 28 being prizes (9 first), 40 honorable mentions, 36 commendations and 4 placings in team competitions. In particular, he excelled in the 2nd International Team Competition of 1967, where he gained the highest number of points among Czech and Slovak composers and won 3rd place in threemovers. In republic championships during the years 1963-1971 he once won and twice finished on the second place, the first was in the championship of Slovakia 1964-1969 – all of these in threemovers. In FIDE Albums he obtained 13 points, which would later be sufficient for the FIDE master title. For many years he was the best Slovak three-move composer, but he also created other fine compositions, mainly twomovers. He was one of the founding members of the Slovak organization for chess composition in 1952.

The booklet contains 285 of Ančin's compositions: 158 twomovers, 103 threemovers and 24 helpmates.
